

To All Our Fabulous Netballers ...

As the end of another season approaches, we congratulate all our ANC competitive Teams. We have had a great season training and playing netball with our teammates and look forward to the next season already!

**Good Luck to the EAGLES (Grade 6) and the GECKOS (Year 7).**

They have both made the Grand Final in their age division. Finals are this Saturday at 12 noon, Banyule Courts. Everyone is welcome to come and support.

**Congratulations to our Net Set Go coaches and players.**

The program continues into next semester and we welcome any new Grade 2 players that would like to join their friends for this fun introduction to Netball. The ANC teams will be formed soon and it will be exciting to see these players "take the court" in 2016! (Net set go is also set up for Grade 3 and 4.)

If you are in grade 3, 4, 5 or 6, interested in learning to play Netball and not sure where to start ... it is never too late! Contact Jo Or Paul. (below)

**Netball for all ages!**

Just as our Primary school children continue to inspire us on court, we are thrilled with our 40 ANC teenagers who continue to compete on a Saturday afternoon. These are teams "built" from the Alphington Community and a fabulous way to keep contact beyond the primary school gates.

**Adults** - We are still looking for a couple players for an Open Ladies Team on a Monday nights and players for an Open Mixed team. Contact Jo if you are interested .... Or even a little curious as to how it works!

ANC is continuing to lobby hard for improved facilities with Yarra Council and via a working group, the Amcor developer.

Please contact us with any enquiries.
