Welcome Back ANC for 2022

It is brilliant to see the everyone back on court for 2022 and all the happy faces of the ANC family. It is wonderful seeing the players enjoying themselves. And welcome to all the new members to the ANC family. Congratulations to all the coaches, team managers, committee and parents who have worked hard to organize getting back on court and kept their heads up over some very disrupted times.

This season ANC has 14 junior teams across the Banyule and Darebin competitions with 3 senior teams in the Banyule and Parkville competitions.

With Covid isolation rules keeping players at home, a big thank you to all the players filling in and playing multiple games to keep all teams on court. It appears that this will continue to be a challenge well into the season.

Covid rules at Stadiums

With restrictions slowly easing in Victoria, it is important as representatives of the club that all players, coaches and family follow and support the stadium Covid rules. The coordinators of BDNA and DNA have had plenty of additional tasks to get our players back on court. We appreciate and support their efforts.

Getting the Competition back on court

One of the important parts of our game is the umpires, and with the disruption to netball over the last 2 years the competitions have had challenges getting enough umpires to cover the games each week. So when you see the umpire in the orange bib they are in training to get their qualifications. This is an important step in their development so please be supportive. There have also been some times where only 1 umpire has been available for a game, it is difficult to cover a whole court and everything that is happening so again, please be supportive.

Fixtures with Grading Complete

Grading is now complete along with the fixture being emailed on Wednesday's. The grades and fixtures are now posted on Netball Connect app. As always check weekly for potential game time changes.

Remember to follow the Alphington Netball Facebook page for current club updates, association information and general Netball news

[Registration Open](#) via Netball Connect

Net SET Go 10 week program
Term 1 and 2, 2022.

Remember to select your t-shirt size
with your registration !!!

COURTS UPDATE

Remember when there were very few netball courts available for community sports clubs? Not many issues of this newsletter ago the courts below were only possibilities. Now it seems all of the once possible courts are now under construction.

Alphington Primary Gymnasium

With all the construction at Alphington Primary School continuing, the gymnasium is almost ready. This is the primary training location for ANC primary school aged teams. Hopefully the court will be available during March.

The indoor court will be welcomed by many a player who has experienced the chilly 8am winter morning training with the rising sun in the eyes.

Alphington Primary Gymnasium

Narrandjeri Stadium, John Cain Memorial Park

The multi purpose stadium is near completion with the landscaping now well underway. Another stadium very long in the making, nine years ago community consultation commence for a stadium at DISC. This stadium is expected to open April / May. Currently 3 ANC teams use the 4 court outdoor complex behind the stadium for training. The outdoor courts were completed early 2021. With 4 inside and 4 outside it will be a significant 8 court facility.

Narrandjeri Stadium, JCMP

Fairlea Park, Yarra Bend

The long process of courts coming to Yarra Bend now sees them well under construction. The lights are in and the base is going down to lay the 8 courts. These courts have taken many, many hours of past and present committee members time to achieve. A hard fought battle to get more courts for netball in the area. Amusingly, the sign announcing courts would be built here by 2020 is still on site as well.

Fairlea Park, Yarra Bend
